

Addendum/Corrigendum II subsequent to Pre bid meeting held on 1st March, 2013 at 2PM at CSIR-IGIB, Mathura Rd on Request for Proposal for Development of Strategic Roadmap for Translational Research and Innovative Science Through Ayurgenomics

1. The study would be carried out in two phases as mentioned below:

• **Phase I:**

Development of Strategic Roadmap of TRISUTRA

The Scope of work mentioned in the initial RFP for Development of Strategic Roadmap for TRISUTRA hosted on the CDC official website and tenders.gov.in on 10th December, 2012.

• **Phase II:**

Output mapping of IGIB

The skill and output mapping will be done for IGIB in general and Ayurgenomics in particular. The skill and output mapping will be done on specific parameters (e.g. Research, Skill sets of human resources) with other similar institutes in India. A list of institutes and parameters for mapping will be suggested by the selected consultant at the time of inception report. IGIB will choose a set of institutes & parameters for mapping from the suggested list and include other institutes and parameters for mapping which they find necessary.

2. The consulting agency must mention separate financial quotes for execution of Phase I & Phase II in its financial bid during proposal submission. However, CDC/ IGIB reserves the right to consider both the phases together or either of the two phases for financial evaluation of technically qualified proposals.

3. Consulting agencies who have already submitted proposal in response to our initial RFP hosted on our official CDC website and tenders.gov.in on 10th December, 2012 (referred as Phase I above) need to submit the proposal considering the revised scope of work as mentioned above in point 1. Proposals submitted without considering Phase II scope of work will not be considered for evaluation.

4. The last date of submission of proposals will be **15th March, 2013 by 15.00 hours**. The proposals will be opened on **15th March, 2013 at 15.30 hours**.
